

## Presstext Gartentage Freising-Weihenstephan

20. Januar 2026

### LONG VERSION

#### **Gartentage Freising-Weihenstephan, the continuation – on Mother's Day weekend May 9–10, 2026**

The first new Garden Days in Freising-Weihenstephan were an overwhelming success. And the second event should be even more successful: on Mother's Day weekend 2026, on expanded grounds, an estimated 130 selected exhibitors with almost 40 horticultural businesses from a total of 6 countries are expected: including specialists for peonies, irises, daylilies, hostas, roses, clematis, orchids, pelargoniums, cacti and other desert plants, wild perennials, herbs, or tomato seedlings. In addition, selected garden tools and accessories, crafts, natural products, and ingredients for good nutrition.

The culinary offerings will also grow, and exciting activities await younger visitors, such as tree climbing and guided crafts with wood or herbs. Last but not least, ticket purchase options (on site and online) will be improved so that visitors do not have to stand in long lines to enjoy the giant selection of plants and other beautiful or useful items in a relaxed atmosphere. Weihenstephan is ready for the next big garden and plant festival!

### SHORT VERSION

#### **Gartentage Freising-Weihenstephan, the continuation – on Mother's Day weekend May 9–10, 2026**

The first new Garden Days in Freising-Weihenstephan were an overwhelming success. And the second event is expected to be even more successful: on Mother's Day weekend 2026, on expanded grounds, about 130 carefully selected exhibitors and nearly 40 gardening businesses from a total of 6 countries are anticipated! The gastronomic offering is growing as well, and exciting activities await the youngest visitors. Last but not least, ticket purchasing options (on site and online) will be improved so that visitors do not have to queue for long to enjoy the huge selection of plants and other beautiful or useful items in a relaxed atmosphere.
